

MONROVIA PROVIDERS GROUP, INC.

Mission Statement

The Monrovia Providers Group, Inc. consists of community agencies working as a team to deal with issues relating to senior citizens within the City of Monrovia.

Our goal is to take a pro-active approach as a 'community team' to assist senior citizens with aging related concerns, before they become a crisis.

In an effort to stop the duplication of services, we plan to combine community agency resources, programs and benefits available to our senior citizens. Working together as a team, our goal is to continue to educate senior citizens in our community about the services offered to them.
